Is there a minimum order?

Yes there is. The smallest order you can make is 25 CDs however you can order more depending on your needs.

Are there any upfront costs?

How long do you have to sell the CDs?

There is no specific time period in which you have to sell the CDs you order, however there will be a suggested timeline based upon your specific requirements.

What happens to any unsold CDs?

Who can benefit?

Any fundraising always benefits a whole group, however more specifically it could directly help any music groups or other activities such as World Youth Day.
